2019 — IPCC

Most discussions of climate action focus on energy, industry and transport. A new special report from the Intergovernmental Panel on Climate Change (IPCC) states unequivocally that land is critically important as well—both as a source of greenhouse gas emissions and as a climate change solution.. In fact, the report found that while land sequesters almost a third of all human-caused carbon ...

ICAI - The Institute of Chartered Accountants of India
Created in 1988 by the World Meteorological Organization (WMO) and the United Nations Environment Programme (UNEP), the objective of the IPCC is to provide governments at all levels with scientific information that they can use to develop climate policies. IPCC reports are also a key input into international climate change negotiations. The IPCC is an organization of governments that are ...
